Copy

No. 26242-334 / Foreigner (SI) Dated 04.05.2020

Subject:-

**Campaign of Pakistan based cyber actors to compromise Android based smart phones/devices of Indian officials.**

Memo.

Kindly refer to the subject cited above.

As per input received from Central Intelligence Agency:

"According to an information, Pakistan based cyber actors have initiated a targeted campaign to compromise Android-based smart phones/devices of Indian Defence personnel and Government officers. They are sending specially crafted message through SMS/WhatsApp to the above official with a link to click and download a fake AarogyaSetu App. As the unsuspecting user is lured to open the link, a malicious App (Chat Me) downloads on the device of the user and begins data exfiltration to servers of adversary based outside India.

3. In view of above, you are requested to make aware all subordinates working under you and take all precautions as mentioned above.

(Anil Kumar Rao)
